Air Quality Forecast for the UK

Issued by the Met Office

Today: Large areas of the UK are forecast to have Moderate air pollution today, with the possibility of locally seeing High air pollution in one or two spots. Parts of southern England are likely to see Low levels of air pollution as unsettled weather pushes in from the south.

Tomorrow: The majority of the UK is forecast to have Low levels of air pollution tomorrow as unsettled weather continues across the country. Some localised areas of Moderate air pollution are still possible however.

Outlook: Generally Low levels of air pollution are forecast to continue through next week, although one or two localised areas of Moderate air pollution will still be possible.
